# Axyl - Bistro Dining Tables

Design – Layer

Axyl tables follow the same design typology and constructional values as the rest of the Axyl collection, featuring a shared distinct frame. A table for every occasion, Axyl café & bistro tables are perfect for smaller gatherings while the dining tables suit larger groups and more formal settings.

Axyl tables are exceptionally robust for continued use in high impact dining areas. The use of a solid Steel stem on the café range, greatly enhances the stability of the table while minimizing the need for a large frame base.
